Procurement Policy

4558. SHRI JANARDHANA POOJARY: Will the Minister of CONSUMER AFFAIRS, FOOD AND PUBLIC DISTRIBUTION be pleased to state:

(a) the details of the policy governing procurement of rice, wheat and other foodgrains from the farmers;

(b) the details of the foodgrains procured from each State/UT during the last three years, year-wise and item-wise;

(c) the percentage of foodgrains procured from each State/UT vis-a-vis the total stock held in the storage centres of the FCI during the last three years, year-wise and item-wise; and

(d) the amount spent on procurement of foodgrains and the amount released to each State/UT towards the procurements, during the last three years, year-wise, both in Rupee and percentage terms?

THE MINISTER OF STATE IN THE MINISTRY OF CONSUMER AFFAIRS, FOOD AND PUBLIC DISTRIBUTION (SHRI ASHOK PRADHAN): (a) The details of the policy governing procurement of wheat, paddy/rice and coarsegrains are given in Statement-I. (See below)

(b) The details of foodgrains procured in each State/UT during the last 3 years are given in Statements ll-A, ll-B and ll-C. *(See* below)

(c) The information is being collected.

(d) The total amount spent on procurement of wheat and rice, •i rupees anu percentage terms, is given in Statement-Ill and
S'atement-ll-A respectively.

Statement-I

Policy Regarding Procurement of Foodgrains

The policy of procurement of foodgrains serves the twin purposes of providing a remunerative price to the farmers, thereby avoiding chances of distress sale of foodgrains at prices below the support prices fixed by the Government and also enthuse them to increase production. It also enables Government to build up public stocks of grains, which are vital to food management policy of the Government of India, including maintenance of the Public Distribution System (PDS). Procurement prices are based on support price announced by the Ministry of Agriculture.

Government extends price support to paddy, coarsegrains and wheat through the agency of FCI and the State Agencies. The public procuring agencies buy all the foodgrains, conforming to the prescribed specifications, offered for sale at specified centers. The producers have the option to sell their produce to FCI/State Agencies at support prices or in the open market, as is advantageous to them. No targets, as such, are fixed for the procurement of foodgrains.

Rice is collected by way of statutory levy on rice millers and rice dealers. The percentage of levy is fixed by State Governments with the approval of Central Government.

To facilitate procurement of foodgrains during the Rabi/Kharif Marketing Seasons, FCI and various State Agencies, in consultation with the State Governments, establish a number of purchase centers at various mandis and key points. The precise number of purchase centers and their locations are decided by the State Governments.

Scheme of Decentralised Procurement of Foodgrains

Under this scheme, the designated States would procure, store and, also, issue foodgrains as per allotments indicated by the Central Government under PDS. The difference between the economic cost of the State Government and the Central Issue Prices is passed on to the State Government as subsidy.
